REPORT OF INDEPENDENT AUDITORS ON SUPPLEMENTARY SCHEDULES

To the Board of Directors and Shareholders
ALAKOR SECURITIES CORPORATION
5th Floor Quad Alpha Centrum Building,
125 Pioneer Street, Mandaluyong City

We have audited in accordance with Philippine Standards on Auditing, the financial statements of **ALAKOR SECURITIES CORPORATION**, (the Company) for the year ended December 31, 2024 and have issued our report thereon dated March 25, 2025. Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplementary schedule I-VIII, are the responsibility of the Company's management. These supplementary schedules are presented for the purpose of complying with the Revised Securities Regulation Code (SRC) Rule No. 68, and is not part of the basic financial statements. These supplementary schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, fairly states in all material respects the financial data required to be set forth therein in relation to the basic financial statements taken as a whole.

TO THE SECURITIES AND EXCHANGE COMMISSION

In connection with our examination of the financial statements of **ALAKOR SECURITIES CORPORATION** (the Company) which are to be submitted to the Commission, we hereby represent the following:

1. That we are in the active practice of the accounting profession and duly registered with the Board of Accountancy (BOA);
2. That said financial statements are presented in conformity with Philippine Financial Reporting Standards in all cases where we shall express an unqualified opinion; Except that in case of any departure from such principles; we shall indicate the nature of the departure, the effects thereof, and the reasons why compliance with the principles would result in a misleading statement, if such is a fact;
3. That we shall fully meet the requirements of independence as provided for in Section 14 of the Code of Professional Ethics for CPAs;
4. That in the conduct of the audit, we shall comply with the Philippine Financial Reporting Standards promulgated by the Board of Accountancy; in case of any departure from such standards or any limitations in the scope of our examination, we shall indicate the nature of departure and the extent of the limitation, the reasons thereof and the effects thereof on the expression of our opinion or which may necessitate the negation of the expression of an opinion; and
5. That we shall comply with the applicable rules and regulations of the Securities and Exchange Commission in the preparation and submission of financial statements;
6. That relative to the expression of our opinion on the said financial statements, we shall not commit any act discreditable to the profession as provided for in Section 23 of the Code of Profession Ethics for CPAs.

As a CPA engaged in public practice, I make these representations in my individual capacity and as a Managing Partner of Perez, Sese, Villa & Co., CPAs.

REPORT OF INDEPENDENT AUDITORS

**To the Board of Directors and Shareholders
ALAKOR SECURITIES CORPORATION**
5th Floor Quad Alpha Centrum Building
125 Pioneer Street, Mandaluyong City

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **ALAKOR SECURITIES CORPORATION**, (the Company), which comprise the statement of financial position as at December 31, 2024, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statement present fairly, in all material respects, the financial position of the Company as at December 31, 2024, and its financial performance and its cash flows for the year then ended in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Matters

The Financial Statements of **ALAKOR SECURITIES CORPORATION** as at and for the year ended December 31, 2023 were audited by **ROXAS TABAMO & CO.** and the auditor whose report dated May 15, 2024 expressed an unqualified opinion on these Statements. These financial statements were presented for comparative purpose only.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PFRS Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting, and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information for the year ended December 31, 2024 required by the Bureau of Internal Revenue as disclosed in Note 31 to the financial statements is presented for purposes of additional analysis and is not a required part of the basic financial statements prepared in accordance with PFRS Accounting Standards. Such supplementary information is the responsibility of management. The supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

ALAKOR SECURITIES CORPORATION

STATEMENTS OF CASH FLOWS

For The Year Ended December 31, 2024

(With Comparative Figures For The Year Ended December 31, 2023)

	Notes	2024	2023
CASH FLOWS FROM OPERATING ACTIVITIES			
Net income (loss) before tax		P 6,158,310	P (3,197,607)
Adjustment to reconcile net income (loss) to net cash provided by operating activities:			
Depreciation	4,5,11	21,707	3,919
Unrealized foreign exchange gain	4,22	(1,232)	339
Dividend income	4,5,10	2,209,304	(2,374,186)
Interest income	4,22	(560,975)	(493,112)
Operating income (loss) before changes in working capital		7,827,114	(6,060,647)
Decrease (Increase) in:			
Receivables from customers	4,5,7	(30,552)	8
Receivables from clearing house	4,5,15	4,040,280	(4,040,280)
Other receivables	4,5,8	6,460	5,002
Prepayments and other current assets	4,5,9	(90,644)	(78,890)
Increase (Decrease) in:			
Payables to customer and broker	4,5,14	(3,434,314)	4,450,356
Payable to clearing house	4,5,15	79,750	
Other payables	4,5,16	837,801	(1,354,370)
Other current liabilities	4,5,17	84,057	(410,913)
Retirement benefit liability	4,5,18	794,095	704,971
Cash provided by (used in) operation		10,114,047	(6,784,763)
Interest received	4,22	577,745	487,365
Dividend received	4,5,10	(2,209,304)	2,374,186
Income taxes paid	4,5,25	(566,419)	(14,916)
Net cash provided by (used in) operating activities		7,916,069	(3,938,128)
CASH FLOWS FROM INVESTING ACTIVITIES			
Acquisition of property and equipment	4,5,11	(137,784)	-
Purchase of financial asset at FVOCI	4,5,10	(4,998,750)	-
Proceeds from disposal of financial asset at FVOCI	4,5,10	961,000	-
Additional refundable deposits	4,5,13	(5,332)	(297,039)
Net cash used in investing activities		(4,180,866)	(297,039)
NET INCREASE (DECREASE) IN CASH		3,735,203	(4,235,167)
EFFECT OF FOREIGN EXCHANGE GAINS (LOSSES)		1,232	(339)
CASH AT BEGINNING OF THE YEAR		28,061,318	32,296,824
CASH AT END OF THE YEAR		P 31,797,753	P 28,061,318

(See accompanying Notes to Financial Statements)

ALAKOR SECURITIES CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

(With comparative figures for the year ended December 31, 2023)

NOTE 1 - GENERAL INFORMATION

ALAKOR SECURITIES CORPORATION (the "Company") was incorporated in the Philippines and registered with the Securities and Exchange Commission (SEC) on February 2, 1994. The primary purpose is to acquire by purchase, exchange, donation or lease any real estate (including building) whether public or private, for the purpose of using, leasing, managing, operating, developing, cultivating, and exploiting the same, and to engage in the production and sale of agricultural product such as but not limited to corn, soya bean, sugar, copra, hemp, mangoes, coffee, citrus, palay and onions; to raise, buy and sell horses, cattle, poultry and swine, and to operate all plants, mills, depots, factories and machineries of all kinds for the manufacture of articles of all kinds in the manufacture of which agricultural products are used.

The secondary purposes is to create an institutional medium which will engage in and carry on the business of stock and bond brokerage and toward this end to buy and sell for the account of others or for its own accounts, securities of all kinds and to engage in the business of affecting transactions except underwriting activities relative to stocks, bonds, debentures and other securities and commercial papers of any person, partnership, association, syndicate, corporation or government body, agency, or instrumentality, local or national whether such securities or commercial papers be of domestic or foreign origin, or to participate in the sale, distribution, or solicitation of offers for the purchase or sale of any securities issued within or without the jurisdiction of the Republic of the Philippines.

The Company's registered office, which is also its principal place of business, is located at 5th Floor Quad Alpha Centrum Building, 125 Pioneer Street, Mandaluyong City.

Approval of the Financial Statement

The financial statements of the Company for the year ended December 31, 2024 including its comparative figure for the year ended December 31, 2023, were approved and authorized for issue by the Board of Directors (BOD) on March 25, 2025. The Board of Directors is empowered to make revisions even after the date of issue.

NOTE 2 - BASIS OF PRESENTATION

Statement of Compliance

The financial statements of the Company have been prepared in compliance with the Philippine Financial Reporting Standards (PFRS) Accounting Standards. This financial reporting framework includes PFRS, Philippine Accounting Standards (PAS) and Philippine Interpretations from International Financial Reporting Interpretations Committee (IFRIC) issued by the Philippine Financial and Sustainability Reporting Standards Council and adopted by the Securities and Exchange Commission (SEC), including SEC pronouncements.

Preparation and Measurement

The Company has prepared the financial statements as at and for the year ended December 31, 2024 and 2023 on a going concern basis, which assumes continuity of current business activities and the realization of assets and settlements of liabilities in the ordinary course of business.

The financial statements are presented in Philippine Peso (₱) the currency of the primary economic environment in which the Company operates. All amounts are rounded to the nearest peso.

The financial statements of the Company have been prepared on a historical cost basis, except for financial asset at fair value through other comprehensive income. Historical cost is generally based on the fair value of the consideration given in exchange for an asset or fair value of consideration received in exchange for incurring liability.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability; or
- in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a nonfinancial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

When measuring the fair value of an asset or a liability, the Company uses market observable data to the extent possible. If the fair value of an asset or a liability is not directly observable, it is estimated by the Company (working closely with external qualified valuers) using valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs (e.g. by use of the market comparable approach that reflects recent transaction prices for similar items, discounted cash flow analysis, or option pricing models refined to reflect the issuer's specific circumstances). Inputs used are consistent with the characteristics of the asset or liability that market participants would take into account.

Further information about assumptions made in measuring fair values is included in the following:

- Note 5 - Significant Judgments, Accounting Estimates and Assumptions
- Note 29 - Fair Value Measurement

For financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety; which are described as follows:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Transfers between levels of the fair value hierarchy are recognized by the Company at the end of the reporting period during which the change occurred.

NOTE 3 - ADOPTION OF NEW AND REVISED ACCOUNTING STANDARDS

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of the following new and amended PFRS which the Company adopted effective for annual periods beginning on or after January 1, 2024.

- Amendments to PAS 1, Presentation of Financial Statements - Non-current liabilities with covenants.

The amendments specify that only covenants that an entity is required to comply with on or before the end of the reporting period affect the entity's right to defer settlement of liability for at least twelve months after the reporting date (and therefore must be considered in assessing the classification of the liability as current or non-current). Such covenants affect whether the right exists at the end of the reporting period, even if compliance with the covenant is assessed only after the reporting date (e.g. a covenant based on the entity's financial position at the reporting date that is assessed for compliance only after the reporting date).

The IASB also specifies that the right to defer settlement of liability for at least twelve months after the reporting date is not affected if an entity only has to comply with a covenant after the reporting period. However, if the entity's right to defer settlement of liability is subject to the entity complying with covenants within twelve months after the reporting period, an entity discloses information that enables users of financial statements to understand the risk of the liabilities becoming repayable within twelve months after the reporting period. This would include information about the covenants (including the nature of the covenants and when the entity is required to comply with them), the carrying amount of related liabilities, and facts and circumstances, if any, that indicate that the entity may have difficulties complying with the covenants.

The amendments are applied retrospectively for annual reporting periods beginning on or after January 2024. Earlier application of the amendments is permitted. If an entity applies the amendments for an earlier period, it is also required to apply the 2020 amendments early.

- Amendments to PAS 7, Statements of Cash Flows and PFRS 7, Financial instruments: Disclosures-Supplier Finance Arrangements

The amendments add a disclosure objective to PAS 7 stating that an entity is required to disclose information about its supplier finance arrangements that enable users of financial statements to assess the effects of those arrangements on the entity's liabilities and cash flows. In addition, PFRS 7 was amended to add supplier finance arrangements as an example within the requirements to disclose information about an entity's exposure to a concentration of liquidity risk.

The term 'supplier finance arrangements' is not defined. Instead, the amendments describe the characteristics of an arrangement for which an entity would be required to provide the information. To meet the disclosure objective, an entity will be required to disclose in aggregate for its supplier finance arrangements:

- a. The terms and conditions of the arrangements
- b. The carrying amount, and associated line items presented in the entity's statement of financial position, of the liabilities that are part of the arrangements
- c. The carrying amount, and associated line items for which the suppliers have already received payment from the finance providers

- d. Ranges of payment due dates for both those financial liabilities that are part of a supplier finance arrangement and comparable trade payables that are not part of a supplier finance arrangement
- e. Liquidity risk information

The amendments, which contain specific transition reliefs for the first annual reporting period in which an entity applies the amendments, are applicable for annual reporting periods beginning on or after January 2024. Earlier application is permitted.

- **Amendments to PFRS 16, Lease liability in a Sale and Leaseback**

The amendments to PFRS 16 add subsequent measurement requirements for sale and leaseback transactions that satisfy the requirements in PFRS 15 to be accounted for as a sale. The amendments require the seller-lessee to determine 'lease payments' or 'revised lease payments' such that the seller-lessee does not recognize a gain or loss that relates to the right of use retained by the seller-lessee after the commencement date.

The amendments do not affect the gain or loss recognized by the seller-lessee relating to the partial or full termination of a lease. Without these new requirements, a seller-lessee may have recognized a gain on the right of use it retains solely because of a remeasurement of the lease liability (for example, following a lease modification or change in the lease term) applying the general requirements in PFRS 16. This could have been particularly the case in a leaseback that includes variable lease payments that do not depend on an index or rate.

As part of the amendments, the IASB amended an Illustrative Example in PFRS 16 and added a new example to illustrate the subsequent measurement of a right-of-use asset and lease liability in a sale and leaseback transaction with variable lease payments that do not depend on an index or rate. The illustrative examples also clarify that the liability, that arises from a sale and leaseback transaction that qualifies as a sale applying PFRS 15, is a lease liability.

The amendments are effective for annual reporting periods beginning on or after 1 January 2024. Earlier application is permitted. If a seller-lessee applies the amendments for an earlier period, it is required to disclose that fact.

A seller-lessee applies the amendments retrospectively in accordance with PAS 8 to sale and leaseback transactions entered into after the date of initial application, which is defined as the beginning of the annual reporting period in which the entity first applied PFRS 16

New and Amended PFRS and PIC Issuances in Issue But Not Yet Effective or Adopted

Pronouncements issued but not yet effective are listed below. The Company intends to apply the following pronouncement when they become effective. Adoption of these pronouncements is not expected to have a material impact on the Company's financial statements.

Effective beginning on or after January 1, 2025

- **PFRS 17, Insurance Contracts**

PFRS 17 is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Once effective, PFRS 17 will replace PFRS 4, Insurance Contracts. This new standard on insurance contracts applies to all types of insurance contracts (i.e., life, non-life, direct insurance and re-insurance), regardless of the type of entities that issue them, as well as to certain guarantees and financial instruments with discretionary participation features. A few scope exceptions will apply.

The overall objective of PFRS 17 is to provide an accounting model for insurance contracts that is more useful and consistent for insurers. In contrast to the requirements in PFRS 4, which are largely based on grandfathering previous local accounting policies, PFRS 17 provides a comprehensive model for insurance contracts, covering all relevant accounting aspects. The core of PFRS 17 is the general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach)
- A simplified approach (the premium allocation approach) mainly for short-duration contracts

On December 15, 2021, the FSRSC amended the mandatory effective date of PFRS 17 from January 1, 2023 to January 1, 2025. This is consistent with Circular Letter No. 2020-62 issued by the Insurance Commission which deferred the implementation of PFRS 17 by two (2) years after its effective date as decided by the IASB.

PFRS 17 is effective for reporting periods beginning on or after January 1, 2025, with comparative figures required. Early application is permitted. Based on management assessment, this is not expected to have material impact on the financial statements of the Company.

- Amendments to PAS 21, *Lack of exchangeability*

The amendments specify how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking.

The amendments are effective for annual reporting periods beginning on or after January 1, 2025. Earlier adoption is permitted, and that fact must be disclosed. When applying the amendments, an entity cannot restate comparative information. Based on management assessment, this is not expected to have material impact on the financial statements of the Company.

Effective beginning on or after January 1, 2026

- Amendments to PFRS 9 and PFRS 7, Classification and Measurement of Financial Instruments

The amendments clarify that financial liability is derecognized on the 'settlement date', i.e., when the related obligation is discharged, cancelled, expires or the liability otherwise qualifies for derecognition. They also introduce an accounting policy option to identify financial liabilities that are settled through an electronic payment system before settlement date if certain conditions are met.

The amendments also clarify how to assess the contractual cash flow characteristics of financial assets that include environmental, social and governance (ESG)-linked features and other similar contingent features.

Furthermore, the amendments clarify the treatment of non-recourse assets and contractually linked instruments. Based on management assessment, this is not expected to have any material impact on the financial statements of the Company.

- Annual Improvements to PFRS Accounting Standards-Volume 11

The amendments are limited to changes that either clarify the wording in an Accounting Standard or correct relatively minor unintended consequences, oversight or conflicts between the requirements in the Accounting Standards. The following is the summary of the Standards involved and their related amendments.

- Amendments to PFRS 1, *Hedge Accounting by a First-time Adopter*

The amendments included in paragraphs B5 and B6 of PFRS 1 cross references to the qualifying criteria for hedge accounting in paragraph 6.4.1(a), (b) and (c) of PFRS 9. These are intended to address potential confusion arising from an inconsistency between the wording in PFRS 1 and the requirements for hedge accounting in PFRS 9.

- *Amendments to PFRS 7, Gain or Loss on Derecognition*

The amendments updated the language of paragraph B38 of PFRS 7 on unobservable inputs and included a cross reference to paragraphs 72 and 73 of PFRS 13.

- *Amendments to PFRS 9*

a) Lessee Derecognition of Lease Liabilities

The amendments to paragraph 2.1 of PFRS 9 clarified that when a lessee has determined that a lease liability has been extinguished in accordance with PFRS 9, the lessee is required to apply paragraph 3.3.3 and recognize any resulting gain or loss in profit or loss.

b) Transaction Price

The amendments to paragraph 5.1.3 of PFRS 9 replaced the reference to 'transaction price as defined by PFRS 15 Revenue from Contracts with Customers' with 'the amount determined by applying PFRS 15'. The term 'transaction price' in relation to PFRS 15 was potentially confusing and so it has been removed. The term was also deleted from Appendix A of PFRS 9.

- *Amendments to PFRS 10, Determination of a De Facto Agent*

The amendments to paragraph B74 of PFRS 10 clarified that the relationship described in B74 is just one example of various relationships that might exist between the investor and other parties acting as de facto agents of the investor.

- *Amendments to PAS 7, Cost Method*

The amendments to paragraph 37 of PAS 7 replaced the term 'cost method' with 'at cost', following the prior deletion of the definition of 'cost method'. Based on management assessment, this is not expected to have material impact on the financial statements of the Company.

Effective beginning on or after January 1, 2027

- *PFRS 18, Presentation and Disclosure in Financial Statements*

The standard replaces PAS 1 Presentation of Financial Statements and responds to investors' demand for better information about companies' financial performance. The new requirements include:

- Required totals, subtotals and new categories in the statement of profit or loss
- Disclosure of management-defined performance measures
- Guidance on aggregation and disaggregation

Based on management assessment, this is not expected to have material impact on the financial statements of the Company.

PFRS 19, *Subsidiaries without Public Accountability*

The standard allows eligible entities to elect to apply PFRS 19's reduced disclosure requirements while still applying the recognition, measurement and presentation requirements in other PFRS accounting standards. The application of the standard is optional for eligible entities. Based on management assessment, this is not expected to have material impact on the financial statements of the Company.

Deferred effectivity

- Amendments to PFRS 10, *Consolidated Financial Statements*, and PAS 28, *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*.

The amendments address the conflict between PFRS 10 and PAS 28 in dealing with the loss of control of a subsidiary that is sold or contributed to an associate or joint venture.

The amendments clarify that a full gain or loss is recognized when a transfer to an associate or joint venture involves a business as defined in PFRS 3. Any gain or loss resulting from the sale or contribution of assets that does not constitute a business, however, is recognized only to the extent of unrelated investors' interests in the associate or joint venture.

On January 13, 2016, the Financial and Sustainability Reporting Standards Council deferred the original effective date of January 1, 2016, of the said amendments until the IASB completes its broader review of the research project on equity accounting that may result in the simplification of accounting for such transactions and of other aspects of accounting for associates and joint ventures. Based on management assessment, this is not expected to have material impact on the financial statements of the Company.

NOTE 4 - SUMMARY OF MATERIAL ACCOUNTING POLICIES

The material accounting policies that have been used in the preparation of these financial statements are summarized below. These accounting policies information are considered material because of its amounts, nature and related amounts. These are material in understanding material information in the financial statement. These policies have been consistently applied to all the years presented, unless otherwise stated.

Financial Assets and Liabilities

Date of recognition. The Company recognizes a financial asset or a financial liability in the statements of financial position when it becomes a party to the contractual provisions of a financial instrument. In the case of a regular way purchase or sale of financial assets, recognition and derecognition, as applicable, is done using settlement date accounting.

Initial Recognition and Measurement. Financial instruments are recognized initially at fair value, which is the fair value of the consideration given (in case of an asset) or received (in case of a liability). The initial measurement of financial instruments, except for those designated at FVPL, includes transaction costs.

"Day 1" Difference. Where the transaction in a non-active market is different from the fair value of other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable market, the Company recognizes the difference between the transaction price and fair value (a "Day 1" difference) in profit or loss.

In cases where there is no observable data on inception, the Company deems the transaction price as the best estimate of fair value and recognizes "Day 1" difference in profit or loss when the inputs

become observable or when the instrument is derecognized. For each transaction, the Company determines the appropriate method of recognizing the "Day 1" difference.

Classification

The Company classifies its financial assets at initial recognition under the following categories: (a) financial assets at FVTPL, (b) financial assets at amortized cost and (c) financial assets at fair value through other comprehensive income (FVOCI). Financial liabilities, on the other hand, are classified as either (a) financial liabilities at FVTPL or (b) financial liabilities at amortized cost. The classification of a financial instruments largely depends on the Company's business model and its contractual cash flow characteristics.

As at December 31, 2024 and 2023, the Company does not have financial assets and liabilities classified as FVTPL.

Financial Assets at Amortized Cost

Financial assets shall be measured at amortized cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial recognition, financial assets at amortized cost are subsequently measured at amortized cost using the effective interest method, less allowance for credit losses, if any. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees that are an integral part of the effective interest rate. Gains and losses are recognized in profit or loss when the financial assets are derecognized and through amortization process.

As at December 31, 2024 and 2023, the Company's cash and cash equivalents, receivables from customers, receivable from clearing house, other receivables and refundable deposits are classified under this category. (Notes 6, 7, 8, 15 and 13)

Cash in banks are demand deposits with banks and earn interest at prevailing bank deposit rates. Meanwhile, cash equivalents are short-term highly liquid investments that are readily convertible into known amounts of cash, which are subject to an insignificant risk of changes in value and which have a maturity of three (3) months or less at acquisition.

Financial Assets at FVOCI.

For debt instruments that meet the contractual cash flow characteristic and are not designated at FVTPL under the fair value option, the financial assets shall be measured at FVOCI if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and selling the financial assets; and
- the contractual terms of the financial asset give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For equity instruments, the Company may irrevocably designate the financial asset to be measured at FVOCI as long as these are not held for trading purposes.

After initial recognition, Financial assets at FVOCI are presented in the financial statements at fair value with changes in fair value are recognized in Other Comprehensive Income (OCI).

Interest income on debt instruments is calculated using the effective interest method while credit losses on debt instruments measured at FVOCI are recognized directly in profit or loss. When the financial asset is derecognized, the cumulative gains or losses previously recognized in OCI are reclassified to profit or loss.

Dividends from equity instruments held at FVOCI are recognized in profit or loss when the right to receive payment is established. Cumulative changes in fair value of FVOCI equity instruments are recognized in equity and are not reclassified to profit or loss in subsequent periods.

As at December 31, 2024 and 2023, the Company's financial assets classified as FVOCI are presented in Note 10.

Financial Liabilities at Amortized Cost

Financial liabilities are categorized as financial liabilities at amortized cost when the substance of the contractual arrangement results in the Company having an obligation either to deliver cash or another financial asset to the holder, or to settle the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of its own equity instruments.

These financial liabilities are initially recognized at fair value less any directly attributable transaction costs. After initial recognition, these financial liabilities are subsequently measured at amortized cost using the effective interest method. Amortized cost is calculated by taking into account any discount or premium on the issue and fees that are an integral part of the effective interest rate. Gains and losses are recognized in profit or loss when the liabilities are derecognized or through the amortization process.

As at December 31, 2024 and 2023, the Company's payable to customers and brokers, payable to clearing house and other payables are classified under this category (Notes 14, 15 and 16).

Reclassification

The Company reclassifies its financial assets when, and only when, it changes its business model for managing those financial assets. The reclassification is applied prospectively from the first day of the first reporting period following the change in the business model (reclassification date). For a financial asset reclassified out of the financial assets at amortized cost category to financial assets at FVTPL, any gain or loss arising from the difference between the previous amortized cost of the financial asset and fair value is recognized in profit or loss.

For a financial asset reclassified out of the financial assets at amortized cost category to financial assets at FVOCI, any gain or loss arising from a difference between the previous amortized cost of the financial asset and fair value is recognized in Other Comprehensive Income (OCI).

For a financial asset reclassified out of the financial assets at FVTPL category to financial assets at amortized cost, its fair value at the reclassification date becomes its new gross carrying amount.

For a financial asset reclassified out of the financial assets at FVOCI category to financial assets at amortized cost, any gain or loss previously recognized in OCI shall be recognize in profit or loss.

For a financial asset reclassified out of the financial assets at FVTPL category to financial assets at FVOCI, its fair value at the reclassification date becomes its new gross carrying amount. Meanwhile, for a financial asset reclassified out of the financial assets at FVOCI category to financial assets at FVTPL, the cumulative gain or loss previously recognized in other

comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment at the reclassification date.

Impairment of Financial Assets

The Company records an allowance for “expected credit loss” (ECL). ECL is based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive. The difference is then discounted at an approximation to the asset’s original effective interest rate.

For receivables from customers, the Company has applied the provision of SRC Rule 52.1.11 and Risk Based Capital Adequacy. The Company’s Credit Losses was computed based on the classification, credit loss rate and basis specified in SRC Rule No. 52.1.11. In 2023, section 52.1.11.2 and 52.1.11.3 was amended through SEC Memorandum Circular No. 11, Series of 2023.

For debt instruments measured at amortized cost and FVOCI, the ECL is based on the 12-month ECL, which pertains to the portion of lifetime ECLs that result from default events on a financial instrument that are possible within 12 months after the reporting date. However, when there has been a significant increase in credit risk since initial recognition, the allowance will be based on the lifetime ECL. When determining whether the credit risk of a financial asset has increased significantly since initial recognition, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and consider reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

Derecognition of Financial Assets and Liabilities

Financial Assets

A financial asset (or where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized when:

- the right to receive cash flows from the asset has expired;
- the Company retains the right to receive cash flows from the financial asset, but has assumed an obligation to pay them in full without material delay to a third party under a “pass-through” arrangement; or
- the Company has transferred its right to receive cash flows from the financial asset and either (a) has transferred substantially all the risks and rewards of the asset, or (b) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its right to receive cash flows from a financial asset or has entered into a pass-through arrangement, and has neither transferred nor retained substantially all the risks and rewards of ownership of the financial asset nor transferred control of the financial asset, the financial asset is recognized to the extent of the Company’s continuing involvement in the financial asset. Continuing involvement that takes the form of a guarantee over the transferred financial asset is measured at the lower of the original carrying amount of the financial asset and the maximum amount of consideration that the Company could be required to repay.

Financial Liabilities

A financial liability is derecognized when the obligation under the liability is discharged, cancelled or has expired. When an existing financial liability is replaced by another from the same lender on

substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in the statements of comprehensive income.

A modification is considered substantial if the present value of the cash flows under the new terms, including net fees paid or received and discounted using the original effective interest rate, is different by at least 10% from the discounted present value of remaining cash flows of the original liability.

The fair value of the modified financial liability is determined based on its expected cash flows, discounted using the interest rate at which the Company could raise debt with similar terms and conditions in the market. The difference between the carrying value of the original liability and fair value of the new liability is recognized in the statements of comprehensive income.

On the other hand, if the difference does not meet the 10% threshold, the original debt is not extinguished but merely modified. In such case, the carrying amount is adjusted by the costs or fees paid or received in the restructuring.

Offsetting of Financial Assets and Liabilities

Financial assets and financial liabilities are offset and the net amount reported in the statements of financial position if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is intention to settle on a net basis, or to realize the asset and settle the liability simultaneously. This is not generally the case with master netting agreements, and the related assets and liabilities are presented gross in the statements of financial position.

Classification of Financial Instrument between Liability and Equity

A financial instrument is classified as liability if it provides for a contractual obligation to:

- Deliver cash or another financial asset to another entity;
- Exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the Company; or
- Satisfy the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of own equity shares.

If the Company does not have an unconditional right to avoid delivering cash or another financial asset to settle its contractual obligation, the obligation meets the definition of a financial liability.

Prepayments and Other Current Assets

Prepayments are expenses paid but not yet incurred. Other current assets pertain to prepaid income tax and input VAT. Prepayments and other current assets are stated in the statements of financial position at cost less any portion that has already been consumed or that has already expired.

Property and Equipment

Property and equipment are tangible assets that are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes, and are expected to be used during more than one period.

Items of property and equipment are initially measured at cost. Such cost includes purchase price and all incidental costs necessary to bring the asset to its location and condition. Subsequent to initial recognition, items of property and equipment are measured in the statement of financial position at cost less any accumulated depreciation and any accumulated impairment losses. Depreciation, which is computed on a straight-line basis, is recognized so as to allocate the cost of assets less their residual values over their estimated useful lives.

If there is an indication that there has been a significant change in useful life or residual value of an asset, the depreciation of that asset is revised prospectively to reflect the new expectations.

When assets are sold, retired or otherwise disposed of, their costs and related accumulated depreciation and impairment losses, if any, are removed from the accounts and any resulting gain or loss is reflected in profit or loss for the period.

Intangible Assets

Intangible asset represents trading right. This is initially measured at cost and is presented in the statement of financial position at cost less accumulated amortization and any accumulated impairment losses.

Trading right is the result of the conversion plan to preserve the Company's access to the trading facilities and for it to continue to transact business at the PSE.

Trading right is initially measured at cost and are subsequently measured at cost less any accumulated impairment loss. The trading right is an intangible asset to be regarded as having an indefinite useful life as there is no foreseeable limit to the period over which this asset is expected to generate net cash inflows for the Company.

Trading right is not amortized but reviewed each year to determine whether events and circumstances continue to support an indefinite useful life assessment for the asset. The Company tests the asset for impairment by comparing its carrying amount with its recoverable amount, and recognizing any excess of the carrying amount over the recoverable amount as an impairment loss.

When assets are sold, retired or otherwise disposed of, their cost and related accumulated amortization and impairment losses, if any, are removed from the accounts and any resulting gain or loss is reflected in profit or loss for the period.

Impairment of Non- Financial Assets

At each reporting date, the carrying amount of the Company's non-financial assets are reviewed to determine whether there is any indication of impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset (or group of related assets) is estimated and compared with its carrying amount. If estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognized immediately in profit and loss

Any impairment loss is recognized if the carrying amount of an asset or its cash-generating unit (CGU) exceeds its net recoverable amount. A CGU is the smallest identifiable asset group that generates cash flows that are largely independent from other assets of the Company. Impairment losses are recognized in profit or loss in the period incurred.

The net recoverable amount of an asset is the greater of its value in use or its fair value less costs to sell. Value in use is the present value of future cash flows expected to be derived from an asset while fair value less cost to sell is the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable and willing parties less costs of disposal. In assessing value in

use, the estimated future cash flows are discounted to their present values using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss has been recognized.

Other Current Liabilities

Other current liabilities include government taxes payable and statutory payables. These are presented in the statement of financial position at undiscounted amounts.

Equity

Share Capital

Share capital is measured at par value for all shares issued. Proceeds and/or fair value of considerations received more than par value are recognized as capital more than par value.

The share capital represents the par value of shares that were issued at the end of the reporting period.

Additional Paid in Capital

Additional paid-in capital (APIC) includes any premium received on the issuance of capital stock. Any transaction costs associated with the issuance of shares are deducted from APIC, net of any related income tax benefits. It represents any contribution of stockholders over the par value of the shares.

Additional paid-in capital (APIC) includes any premium received on the issuance of capital stock. Any transaction costs associated with the issuance of shares are deducted from APIC, net of any related income tax benefits. It represents any contribution of stockholders over the par value of the shares.

Retained Earnings

Retained earnings include income earned in current and prior periods net of any dividend declaration, effects of changes in accounting policy and prior period adjustments.

Appropriated Retained Earnings

Appropriated retained earnings pertains to the restricted portion which is intended for the resource fund in compliance with SRC rule 49.1 (B). Unappropriated retained earnings represent the portion which can be declared as dividends to shareholders.

Accumulated Deficit

Deficit represents accumulated losses incurred by the Company. Deficit may also include effects of correction of prior years' errors and changes in accounting policy as may be required by the standards transitional provisions.

Revenue Recognition

Revenue with customers is recognized when the performance obligation in the contract has been satisfied, either at a point in time or over time. Revenue is recognized over time if one of the following criteria is met (a) the customer simultaneously receives and consumes the benefits as the Company perform its obligations; (b) the Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or (c) the Company's performance does not create an asset with an alternative use to the Company and the Company has an enforceable right to payment for performance completed to date. Otherwise, revenue is recognized at a point in time

The Company also assesses its revenue arrangements to determine if it is acting as a principal or as an agent. The Company has assessed that it acts as agent in its brokerage transactions. The Company acts as a principal in its income from other sources.

Commission

Commissions on brokerage transactions are recorded on a trade date basis as trade transactions occur.

Other Income

Income from other sources is recognized when earned during the period.

The following specific recognition criteria must also be met for other revenues outside the scope of PFRS:

Dividend Income

Dividend income is recognized when the Company's right to receive the payment is established, provided that it is probable that the economic benefit will flow to the company and the amount of income can be measured reliably.

Trading Gains or Losses on Financial Assets at FVTPL

Trading gains or losses on financial assets Palat FVTPL include all gains and losses from changes in fair value and disposal of financial assets at FVTPL. Unrealized gains or losses are recognized in profit or loss upon remeasurement of the financial assets at FVTPL at each reporting date. Gains or losses from sale of financial assets at FVTPL, are recognized in profit or loss upon confirmation of trade deals.

Interest Income

Interest Income is recognized in profit or loss as it accrues, considering the effective yield of the assets.

Other Comprehensive Income (OCI)

Other components of equity comprise of items of income and expense that are not recognized in profit or loss for the year. Other comprehensive income pertains to cumulative remeasurement gains (losses) on net retirement asset or liability.

Other Income

Other income is recognized when earned.

Expenses

Expenses are decreases in economic benefits in the form of decreases in assets or increase in liabilities that result in decreases in equity, other than those relating to distributions to equity participants. Expenses are generally recognized when the services are received or when the expenses are incurred.

Direct costs

Direct costs are expenses incurred that are associated with services rendered which includes salaries and employee benefits and other expenses directly associated with the cost of service.

Operating expense

Operating expenses represent expenses such as professional fees, salaries and wages, directors' fees, and allowance, condominium dues, bank charges, depreciation, taxes and licenses, 13th month pay and other benefits, repairs and maintenance, employees' welfare, insurance, SSS, PHIC, HDMF and other contributions, advertising and promotions, fines and penalties, credit losses, subscription and periodicals, fringe benefit tax, documentary stamp tax and miscellaneous that cannot be associated directly to the services rendered.

Income tax

Income tax expense includes current tax expense and deferred tax expense.

Current Tax. Current tax assets and liabilities for the current and prior period are measured at the amount expected to be recovered from or paid to the tax authority. The tax rates and tax laws used to compute the amount are those that have been enacted or substantively enacted at the reporting date.

Deferred Tax. Deferred tax is provided using the balance sheet liability method, on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting

Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences, carryforward benefits of unused tax credits from excess minimum corporate income tax (MCIT) over the regular corporate income tax (RCIT) and unused net operating loss carryover (NOLCO), to the extent that it is probable that taxable income will be available against which the deductible temporary differences and carryforwards of unused MCIT and NOLCO can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient future taxable income will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable income will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period applicable to the year when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Most changes in deferred tax assets or deferred tax liabilities are recognized as a component of tax expense in profit or loss, except to the extent that it relates to items recognized in OCI or directly in equity. In this case, the tax is also recognized in OCI or directly in equity, respectively.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to offset current tax assets against current tax liabilities and deferred taxes relate to the same taxable entity and the same tax authority.

Employee Benefits

Short-term benefits

Short-term benefits given by the Company to its employees include salaries and wages, compensated absences, 13th month pay, employer share contributions and other de minimis benefits, among others.

These are recognized as expense in the period the employees render services to the Company.

Retirement Benefits

The Company does not have a formal retirement benefit plan. However, the Company provides retirement benefits in compliance with RA 7641. No actuarial computation was obtained during the year because the amount of provision for retirement benefits will not materially affect the fair presentation of the financial statements considering that the Company has only few employees.

Related Party Transactions and Relationships

Related party transactions are transfer of resources, services or obligations between the Company and its related parties, regardless whether a price is charged. Transactions between related parties are accounted for at arm's length prices or on terms similar to those offered to non-related parties in an economically comparable market.

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions. These include: (a) individuals owning, directly or indirectly through one or more intermediaries, control or are controlled by, or under common control with the Company; (b) associates; (c) individuals owning, directly or indirectly, an interest in the voting power of the investee that gives them significant influence over the Company and close members of the family of any such individual; and (d) the Company's funded retirement plan.

In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely the legal form.

Leases

A lease is a contract that conveys the right to use an identified asset for a period of time in exchange for a consideration.

Determination as to whether a contract is, or contains, a lease is made at the inception of the lease. Accordingly, the Company assesses whether the contract meets three key evaluations which are:

- the contract contains an identified asset, which is either explicitly identified in the contract or implicitly specified by being identified at the time the asset is made available to the lessee;

- the lessee has the right to obtain substantially all of the economic benefits from use of the identified asset throughout the period of use, considering its rights within the defined scope of the contract; and,
- the lessee has the right to direct the use of the identified asset throughout the period of use. The lessee assesses whether it has the right to direct 'how and for what purpose' the asset is used throughout the period of use.

Company as Lessee

At lease commencement date, the Company recognizes a right-of-use asset and a lease liability in the statement of financial position. The lease liability is initially measured at the present value of the lease payments, discounted using the interest rate implicit in the lease if that rate is readily available or the Company's incremental borrowing rate. Lease payments include fixed payments (including in-substance fixed), variable lease payments based on an index or rate, amounts expected to be payable under a residual value guarantee and payments arising from options (either renewal or termination) reasonably certain to be exercised. Subsequent to initial measurement, the liability is increased for interest incurred and reduced for lease payments made.

The right-of-use asset is initially measured at the amount of lease liability adjusted for any initial direct costs incurred by the lessee, an estimate of any costs to dismantle and remove the asset at the end of the lease, and any lease payments made in advance of the lease commencement date (net of any incentives received). Subsequently, the Company depreciates the right-of-use asset on a straight-line basis from the lease commencement date to the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

The Company has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognizing a right-of-use asset and lease liability, the payments in relation to these are recognized as an expense in profit or loss on a straight-line basis over the lease term.

Foreign Currency Transaction

Foreign currency transactions are initially recognized using the spot rate of exchange at the date of the transaction. Monetary assets and liabilities that are denominated in foreign currency are translated into the functional currency using the closing rate as of the reporting date. Gains and losses arising from foreign currency transactions and remeasurement of monetary assets and liabilities are recognized immediately in profit and loss.

Provisions and contingencies

Provisions are recognized when the Company has a present legal or constructive obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the end of the reporting period, including risks and uncertainties associated with the present obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as an interest expense. Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate.

Contingent assets and liabilities are not recognized in the separate financial statements but are disclosed in the notes to separate financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the separate financial statements but are disclosed in the notes to separate statements of financial position when an inflow of economic benefits is probable

Changes in accounting policies, change in accounting estimates and correction of prior period errors

The Company applies changes in accounting policy if the change is required by the accounting standards or in order to provide reliable and more relevant information about the effects of transactions, other events or conditions on the Company's financial statements. Changes in accounting policy brought about by new accounting standards are accounted for in accordance with the specific transitional provision of the standards. All other changes in accounting policy are accounted for retrospectively.

Changes in accounting estimates is recognized prospectively by reflecting it in the profit and loss in the period of the change if the change affects that period only or the period of the change and future periods if the change affects both.

Prior period errors are omissions from, and misstatements in, the Company's financial statements for one or more prior periods arising from a failure to use, or misuse of, reliable information that was available when financial statements for those periods were authorized for issue and could reasonably be expected to have been obtained and taken into account in the preparation and presentation of those financial statements.

To the extent practicable, the Company corrects a material prior period error retrospectively in the first financial statements authorized for issue after its discovery by restating the comparative amounts for the prior period(s) presented in which the error occurred, or if the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and equity for period presented.

When it is impracticable to determine the period-specific effects of an error on comparative information for one or more prior periods presented, the Company restates the opening balances of assets, liabilities and equity for the earliest period for which retrospective restatement is practicable.

Subsequent events

Subsequent events that provide additional information about conditions existing at period end (adjusting events) are recognized in the financial statements. Subsequent events that provide additional information about conditions existing after period end (non-adjusting events) are disclosed in the notes to the financial statements.

NOTE 5 - SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES

The preparation of the financial statements in accordance with Philippine Financial Reporting Standards requires the Company to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The judgements and accounting estimates and assumptions used in the financial statements are based upon management evaluation of relevant facts and circumstances as at the reporting date. While the Company believes that the assumptions are reasonable and appropriate. Future events may occur which will cause the assumptions used in arriving at the estimates to change. The effects of changes in estimates will be reflected in the financial statements as they become reasonably determinable.

The accounting estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future period affected.

Judgment

In the process of applying the Company's accounting policies, management has made the following judgments, apart from those involving estimations, which have the most significant effect on the amounts recognized in the financial statements:

Assessment of Impairment of Nonfinancial Assets

The Company determines whether there are indicators of impairment of the Company's non-financial assets. Indicators of impairment include significant change in usage, decline in the asset's fair value or underperformance relative to expected historical or projected future results. Determining the fair value requires the determination of future cash flows and future economic benefits expected to be generated from the continued use and ultimate disposition of such assets. It requires the Company to make estimates and assumptions that can materially affect the financial statements. Future events could be used by management to conclude that these assets are impaired. Any resulting impairment loss could have a material adverse impact on the Company's financial position and financial performance. The preparation of the estimated future cash flows and economic benefits involves significant judgments and estimation.

No impairment loss on non-financial assets was recognized in the Company's financial statements in either 2024 or 2023.

Determination of ECL on financial assets

The Company uses a provision matrix to calculate ECL for financial assets. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns by customer type and credit rating.

The provision matrix is based on the Company's historically observed default rates. The Company's management intends to regularly calibrate on an annual basis the matrix to consider the historical credit loss experience with forward-looking information. Details about the ECL on the Company's trade and other receivables are disclosed in Note 30.

Estimates

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period:

Estimation of Allowance for Credit Losses

The measurement of the allowance for Credit Losses on financial assets at amortized cost is an area that requires the use of significant assumptions about the future economic conditions and credit behavior (e.g., likelihood of customers defaulting and the resulting losses). Explanation of the inputs, assumptions and estimation used in measuring Credit Losses is further detailed in Note 27.

Estimating useful lives of property and equipment

The Company estimates the useful lives of its property and equipment based on the period over which these assets are expected to be available for use. The estimated useful lives of these assets and residual values are reviewed, and adjusted if appropriate, only if there is a significant change in the asset or how it is used.

The following estimated useful lives are used for the depreciation of property and equipment:

Description	Useful Lives
Furniture and fixtures and equipment	5 years
Computer systems and software	5 years
Transportation equipment	5 years
Leasehold improvements	5 years

There were no changes in the estimated useful lives of the Company's property and equipment for the years ended December 31, 2024 and 2023.

Determination of Realizable Amount of Deferred Tax Assets

The Company reviews its deferred tax assets at the end of each reporting period and reduces the carrying amount to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Management assessed that the deferred tax assets recognized as at December 31, 2024 and 2023 will be fully utilized in the coming years. The carrying value of deferred tax assets as of those dates is disclosed in Note 25.

NOTE 6 - CASH AND CASH EQUIVALENTS

This account consists of:

	2024	2023
Cash in banks – reserve account	P 10,009,175	P 8,233,466
Cash equivalents	16,198,652	16,164,018
Cash in banks	5,586,926	3,660,834
Cash on hand	3,000	3,000
	P 31,797,753	P 28,061,318

Cash in banks generally earns interest at rates based on daily bank deposit rates. Short term investments are made for varying periods from one month up to three months depending on the Company's immediate cash requirements and earn interest at the prevailing temporary cash investment rates. Finance income recognized in the Statements of Comprehensive Income amounted to P560,975 and P493,112 in 2024 and 2023, respectively (Note 22).

In compliance with Securities Regulation Code (SRC) Rule 49.2-1, the Company maintains a special reserve bank account with Bangko De Oro amounting to P10,009,175 and P8,233,466 as at December 31, 2024 and 2023, respectively for the exclusive benefit of its customers. The Company's reserve requirement is determined on SEC's prescribed computations. As of December 31, 2024, and 2023, the Company's reserve accounts are adequate to cover its reserve requirements.

NOTE 7 - RECEIVABLES FROM CUSTOMERS

The security valuation of the debit balances of customers' accounts are presented below:

	2024		2023	
	Money Balance	Security Valuation-Long	Money Balance	Security Valuation-Long
Cash accounts				
More than 250%	P 32,465	P 16,265,353	P 2,002	P 132,352
Between 200% to 250%	-	-	-	-
Between 150% to 200%	-	-	-	-
Between 100% to 150%	-	-	-	-
	<u>32,465</u>	<u>16,265,353</u>	<u>2,002</u>	<u>132,352</u>
Partially secured accounts				
Less than 100%	125	44	125	36
Unsecured accounts	78	-	-	-
	<u>203</u>	<u>44</u>	<u>125</u>	<u>36</u>
Less: Allowance for credit losses	(174)		(185)	
	<u>P 32,494</u>	<u>P 16,265,397</u>	<u>P 1,942</u>	<u>P 132,388</u>

Receivables from customers are due within two (2) trading days after the consummation of the transactions.

Allowance for credit losses on receivables from customers is computed using the formula provided by the SRC Rule No. 52.1.11 which forms part of the Risk-Based Capital Adequacy (RBCA) Report, see Note 28.

Movements in the allowance for credit losses follow:

	2024	2023
Balance at January 1	P 185	P 102
Credit losses (Note 23)	-	83
Recovery of allowance (Note 22)	(11)	-
Balance, December 31	<u>P 174</u>	<u>P 185</u>

NOTE 8 - OTHER RECEIVABLES

This account consists of:

	2024	2023
Interest receivable	P 22,517	P 5,747
Advances to employees	-	40,000
Miscellaneous receivable	89,844	89,844
	<u>P 112,361</u>	<u>P 135,591</u>

Interest receivables pertain to accrued interest on the Company's short term placements on time deposit.

Advances to employees pertains to personal advances that are collected through salary deduction.

Miscellaneous receivable mainly utilities paid by the Company on behalf of other lessees of the building.

NOTE 9 - PREPAYMENTS AND OTHER CURRENT ASSETS

This account consists of:

	2024	2023
Prepaid expenses	P 349,097	P 306,340
Prepaid income tax (Note 25)	1,234,834	780,277
Input VAT	131,843	83,957
	<u>P 1,715,775</u>	<u>P 1,170,574</u>

Prepaid expenses represents taxes and licenses, bonds and health insurance paid in advance which will be expensed in the next accounting period.

Prepaid income tax pertains to excess tax credit which can be claim against Company's income tax liability.

Input VAT are VAT on purchases of goods and services and the current portion of deferred input vat on purchase of capital goods. These are creditable to VAT liability of the Company.

NOTE 10 - FINANCIAL ASSETS AT FAIR VALUE THROUGH OTHER COMPREHENSIVE INCOME

This account represents investment in PSE listed securities being held for investment purposes.

The movement in the financial assets at fair value through other comprehensive income is summarized below:

2024

	Amount
Balance at beginning of year	P 31,679,150
Additions	4,998,750
Disposals	(961,000)
Fair value adjustments	1,530,900
Balance at end of year	<u>P 37,247,800</u>

2023

	Amount
Balance at beginning of year	P 27,527,520
Additions	-
Disposals	-
Fair value adjustments	4,151,630
Balance at end of year	<u>P 31,679,150</u>

Fair values of these securities at FVOCI have been determined based on quoted prices in active market (Note 29).

Dividends income on these securities amounted to P2,209,304 and P2,374,186 in 2024 and 2023, respectively and are presented in the statements of comprehensive income.

The Company recognizes gain (loss) on sale of financial assets at FVOCI presented as reclassification to unappropriated retained earnings (deficit) in the statements of changes in equity amounting to loss of P39,000 in 2024 and Pnil in 2023.

NOTE 11 - PROPERTY AND EQUIPMENT

A reconciliation of the carrying amounts at the beginning and end of 2024 and 2023, of property and equipment is shown below:

2024

	Leasehold improvements	Furniture, fixtures and equipment	Transportation Equipment	Computer systems and software	Total
Cost					
January 1, 2024	P 727,168	P 1,795,008	P 1,046,429	P 2,380,951	P 5,949,556
Additions	-	137,784	-	-	137,784
Disposal	-	-	-	-	-
December 31, 2024	P 727,168	P 1,932,792	P 1,046,429	P 2,380,951	P 6,087,340
Accumulated depreciation					
January 1, 2024	P 727,168	P 1,791,672	P 1,046,429	P 2,380,951	P 5,946,220
Depreciation	-	21,707	-	-	21,707
Disposals	-	-	-	-	-
December 31, 2024	P 727,168	P 1,813,379	P 1,046,429	P 2,380,951	P 5,967,927
Carrying amount					
December 31, 2024	P -	P 119,413	P -	P -	P 119,413
Carrying amount					
December 31, 2023	P -	P 3,336	P -	P -	P 3,336

2023

	Leasehold improvements	Furniture, fixtures and equipment	Transportation Equipment	Computer systems and software	Total
Cost					
January 1, 2023	P 727,168	P 1,795,008	P 1,046,429	P 2,380,951	P 5,949,556
Additions	-	-	-	-	-
Disposal	-	-	-	-	-

As at December 31, 2024 and 2023, management believes that there is no impairment loss on its property and equipment.

The amount of depreciation is presented in the statements of comprehensive income under the operating expenses (Note 23).

The Company has not entered any contractual commitment for the acquisition of property and equipment in 2024 and 2023.

None of the property and equipment were used as collateral on loans or any other liabilities.

NOTE 12 - TRADING RIGHT

This account consists of trading right amounting to ₱8,000,000 as of December 31, 2024 and 2023 and fully amortized computer software.

Trading right represents the Company's privilege in trading securities in the PSE floor. In compliance with Section 8, Article III of the Amended By Laws of the Exchange, the Company's trading right (previously the exchange membership seat) is pledged at its full value to the PSE to secure the payment of all debts due to the Exchange and to other trading participants of the exchange arising from out of or in connection with the present or future contracts relating to securities and in compliance with Section 7, Article II of the Rules Governing Trading Rights and Trading Participants, to secure the payment of all debts and claims due to the clients of the Company, the Government, the Exchange and other trading participant of the Exchange and to the Securities Clearing Corporation of the Philippines. Exchange trading right was acquired by the Company as a result of the PSE conversion plan to preserve the Company's access to the trading facilities and continue to transact business in the PSE.

The trading right is regarded as having an indefinite useful life when it was acquired because it is expected to generate net cash inflows indefinitely. Because it is regarded as having an indefinite useful life, the trading right would not be amortized but would be tested for impairment annually and whenever there is an indication that it may be impaired.

The carrying amount of trading rights presented as part of Intangible Assets in the Statement of Financial Position amounts to ₱8,000,000 as at December 31, 2024 and 2023. The last transacted price of the trading right in Philippine Pesos: Eight Million (₱8,000,000) dated November 16, 2022. Considering that the market value is significantly higher than the carrying amount, no impairment loss was recognized for this account.

The movement in the trading right is summarized below:

	2024	2023
Cost	₱ 13,500,000	₱ 13,500,000
Allowance impairment losses		
Beginning of year	(5,500,000)	(5,500,000)
Provision for the year	-	-
Balance at end of year	(5,500,000)	(5,500,000)
	₱ 8,000,000	₱ 8,000,000

NOTE 13 - REFUNDABLE DEPOSITS

This account consists of:

	2024	2023
Clearing and Trade Guaranty Fund (CTGF)	₱ 302,371	₱ 297,039
PLDT line deposit	10,500	10,500
Electric line deposit	102,888	102,888
	₱ 415,759	₱ 410,427

Clearing and Trade Guaranty Fund (CTGF) pertains to fund established, maintained by Securities Clearing Corporation of the Philippines (SCCP), for the purpose of covering failed trades due to member's illiquidity and/or insolvency. This is refundable upon cessation of the Company's business and/or termination of the Company's membership with SCCP.

NOTE 14 - PAYABLES TO CUSTOMERS AND BROKERS

The payables to customers and its security valuation follows:

	2024		2023	
Payables to customers	P	4,830,258	P	8,264,572
Payable to brokers		728		728
	P	4,830,986	P	8,265,300

	2024		2023	
	Credit Balance	Security Valuation-Long	Credit Balance	Security Valuation-Long
With money balance	P 4,830,986	P 1,952,181,751	P 8,265,300	P 2,446,096,294
Without money balance	-	1,438,329,997	-	1,135,885,593
	P 4,830,986	P 3,390,511,748	P 8,265,300	P 3,581,981,887

Payables to customers are non-interest bearing and are due within two (2) business days after the consummation of the transactions.

NOTE 15 - PAYABLES TO/RECEIVABLES FROM CLEARING HOUSE

The net balance of this account as at December 31, 2024 and 2023 relates to the trading transactions made for the last two trading days in 2024 and last three trading days in 2023, which have not yet been cleared. The outstanding balance were net payable to clearing house amounting to P79,750 in 2024 and net receivable from clearing house amounting to P4,040,280 in 2023.

NOTE 16 - OTHER PAYABLES

This account consists of:

	2024		2023	
Accounts payable	P	4,730,032	P	3,842,216
Subscription and rights payable		4,031,875		4,031,875
Accrued expenses		2,052,005		2,120,054
Dividends payable		318,313		274,515
Other payables		179,007		204,771
	P	11,311,232	P	10,473,431

Accounts payable pertains to unreleased checks as of reporting period and issued checks considered stale check as of reporting period.

Subscription and rights payable represent net advances made by customers for the acquisition of equity securities but have no equivalent number of shares yet pending full payment.

Accrued expenses include accruals of rental professional fees, utilities and telephone expenses which are payable after reporting period.

Dividend payables pertain to dividends received by the Company on behalf of its clients that has not been claimed or remitted to clients as of years end.

NOTE 17 - OTHER CURRENT LIABILITIES

This account consists of:

	2024	2023
Due to BIR	P 181,350	P 101,539
Statutory payables	21,426	17,180
	<u>P 202,776</u>	<u>P 118,719</u>

Due to BIR consists of obligations to Bureau of Internal Revenue such as final taxes, stock transaction taxes, withholding taxes and value added tax.

Statutory payable consists of statutory obligations to government agencies such as Social Security System, Philippine Health Insurance Corporation and Home Development Mutual Fund.

NOTE 18 - RETIREMENT BENEFIT LIABILITY

The Company has an unfunded, non-contributory defined benefit plan covering substantially all of its regular employees. The retirement benefits are based on years of services and employee's salary of the time of retirement using the actuarial computation.

The movements in the post-employment benefit obligation presented under retirement liability in the statements of financial position are shown below.

	2024	2023
Balance at beginning of year	P 7,506,996	P 5,970,035
Retirement expense	794,095	704,970
Actuarial (gain) loss on obligation	(385,477)	831,991
Balance at end of year	<u>P 7,915,614</u>	<u>P 7,506,996</u>

The amounts of retirement expense recognized in the statements of comprehensive income are shown below:

	2024	2023
Interest cost	P 457,927	P 435,813
Current service cost	336,168	269,157
	<u>P 794,095</u>	<u>P 704,970</u>

The amounts of actuarial (gain) loss on employee benefit obligation presented in other comprehensive income in the statements of comprehensive income are shown below:

	2024	2023
Experience adjustment	P (224,860)	P (81,271)
Change in financial assumption	(160,617)	913,262
	<u>P (385,477)</u>	<u>P 831,991</u>

Current service cost and net interest cost is presented in the statements of comprehensive as retirement expense under operating expenses.

Amounts recognized in other comprehensive income were included within items that will not be reclassified subsequently to profit or loss.

In determining the amounts of the defined benefit post-employment obligation, the following significant actuarial assumptions were used:

	<u>2024</u>	<u>2023</u>
Discount rate	6.30%	6.10%
Future salary increase rate	6.00%	6.00%

The table below summarizes the effects of changes in the significant actuarial assumptions used in the determination of the defined benefit obligation as of December 31, 2024 and 2023:

2024

	<u>Basis Points</u>		<u>Effect on Retirement Obligation</u>
Discount rate	100	P	7,166,560
	-100		8,758,220
Salary rate	100		8,752,375
	-100		7,157,820

2023

	<u>Basis Points</u>		<u>Effect on Retirement Obligation</u>
Discount rate	100	P	6,376,709
	-100		8,379,986
Salary rate	100		8,372,172
	-100		6,729,133

The maturity analysis of expected future benefit payments follows:

	<u>2024</u>		<u>2023</u>
Less than five year	P -	P	-
More than five years to 10 years	18,093,766		1,583,561
More than 10 years	6,052,782		22,690,720

The weighted average duration of the defined benefit obligation at the end of the 2024 and 2023 is 11.4 and 12.3 years, respectively.

NOTE 19 - EQUITY

Share Capital

The Company is authorized to issue Four Hundred Thousand (400,000) ordinary shares with par value of one hundred pesos (P 100) per share.

As at December 31, 2024 and 2023, the Company has five (5) shareholders owning more than one hundred (100) shares of the Company's capital stock.

A reconciliation of the outstanding share capital at the beginning and end of 2024 and 2023 is shown below:

2024

	<u>No. of Shares</u>	<u>Amount</u>
Outstanding 12/31/2023	400,000	P 40,000,000
Issuance	-	-
Reacquisition	-	-
Outstanding 12/31/2024	<u>400,000</u>	<u>P 40,000,000</u>

2023

	<u>No. of Shares</u>	<u>Amount</u>
Outstanding 12/31/2022	400,000	P 40,000,000
Issuance	-	-
Reacquisition	-	-
Outstanding 12/31/2023	<u>400,000</u>	<u>P 40,000,000</u>

Minimum Capital Requirement

In a meeting held on October 21, 2010, the SEC issued Resolution No. 489 and 492 granting the deferment of the P30,000,000 unimpaired paid-in capital requirement of Trading Participants effective January 1, 2011 until November 30, 2011 provided that Trading Participants with Unimpaired Paid-up Capital falling below P30,000,000 shall post a surety bond amounting to P30,000,000 on top of the surety bond of P12,000,000 in compliance with SRC Rule 28.1 for the same period until securities held and controlled by the Trading Participant shall be recorded under the name of the individual clients in the books of the Transfer Agent or in the sub-account with the Philippine Depository and Trust Corporation at the option of the client. Compliance with the requirement is a condition for the renewal of the Broker Dealer license for the period covering January 1, 2011 to December 31, 2013.

In compliance with Section 2 of D, Article VII of the amended Market Regulation Rules, which was approved by the Securities and Exchange Commission on September 8, 2009, effective November 1, 2009, the surety bond, shall be Ten Million Pesos (P 10,000,000) for Brokers and Two Million Pesos (P 2,000,000) for Dealers.

On November 16, 2023, the Company renewed its SEC licenses and the required surety bond coverage for the period January 1, 2024 to December 31, 2024 in the amount of Twelve Million Pesos (P12,000,000) in compliance with SRC Rule 28.1.

Based on SEC Memorandum Circular No. 16 dated November 11, 2004, starting December 1, 2005, every broker dealer is expected to comply with all the requirements of the Risk-Based Capital Adequacy (RBCA) rules. As of December 31, 2005, the RCBA report is prepared based on the guidelines which cover the following risks: (a) position of market risks, (b) credit risks such as counterparty, settlement, large exposure, and margin financing risks, and (c) operation risk.

The Company monitors capital on the basis of RBCA Ratio and Net Liquid Capital (NLC). RBCA requirement is the minimum level of capital that has to be maintained by firms which are licensed, or securing a broker dealer license, taking into consideration the firms size, complexity and business risk. RBC ratio is the quotient of the NLC and the sum of the requirements for operation risk, credit risk, and position or market risk.

NLC, on the other hand, represents the equity eligible for NLC adjusted for non-allowable current and non-current assets as described under the Circular.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, issue new shares or sell assets to reduce debt.

Under the guidelines set-out by the SEC, all registered brokers dealers should maintain the following RBCA and NLC requirements:

- A. RBCA ratio of greater than or equal to 1.1;

As at December 31, 2024 and 2023, the Company's RBCA ratio of 6.99 and 5.91, respectively, is in compliance with the minimum capital requirement set out by the RBCA framework.

- B. NLC should be at least ₱5,000,000 or 5% of aggregate indebtedness, whichever is higher;

- C. A dealer who deals only with proprietary shares and does not keep shares in its custody shall maintain a NLC of ₱2,500,000 or 2.5% of aggregate indebtedness, whichever is higher;

- D. No broker dealer shall permit its aggregate indebtedness to exceed 2,000% of its NLC.

The Company's NLC amount to ₱7,512,404 and ₱5,744,839 as at December 31, 2024 and 2023, respectively, which is more than 5% of the Company's aggregate indebtedness. As at December 31, 2024 and 2023, the Company is in compliant with items A to D as prescribed by Securities and Exchange Commission (SEC).

On May 28, 2009, the SEC approved PSE's Rules Governing Trading Rights and Trading Participants which provides among other the following provisions:

- a. Trading participants should have a minimum unimpaired paid-up capital (defined as the trading participant's total paid up capital less any deficiency in the retained earnings account) of ₱20,000,000 effective December 31, 2009, provided further that effective December 31, 2010 and onwards, the minimum unimpaired paid-up capital shall be ₱30,000,000; and
- b. Each trading participant shall pledge its trading right to the extent of its full value to secure the payment of all debts and claims due to the trading participant, the government, PSE and to other trading participants of the PSE and to the Securities Clearing Corporation of the Philippines.

On August 8, 2023, the SEC approved amendments to the 2015 Implementing Rules and Regulations of the Securities Regulation Code (the "2015 SRC Rules") and SEC Memorandum Circular (MC) No. 16, series of 2004, relative to the settlement cycle from T+3 to T+2.

As at December 31, 2024 and 2023, the Company is in compliance with PSE's Rules Governing Trading Rights and Trading Participants.

Equity Reserves

The reconciliation of items of other comprehensive income presented under Equity Reserves in the statements of changes in equity are shown below:

2024

	Unrealized market gain(loss)	Actuarial gain (losses)	Total
Balance at beginning of year	P (2,242,591)	P 1,954,502	P (288,089)
Other comprehensive income (loss)	1,530,900	385,477	1,916,377
Reclassification to retained earnings	39,000	-	39,000
Balance at end of year	P (672,691)	P 2,339,979	P 1,667,288

2023

	Unrealized market gain(loss)	Actuarial gain (losses)	Total
Balance at beginning of year	P (6,394,221)	P 2,786,492	P (3,607,729)
Other comprehensive income (loss)	4,151,630	(831,990)	3,319,640
Balance at end of year	P (2,242,591)	P 1,954,502	P (288,089)

Retained Earnings (Deficit)

Appropriation

In compliance with SRC Rule 49.1 (B) Reserve Fund, every broker dealer shall annually appropriate a certain minimum percentage of its audited profit after tax and transfers the same to the appropriated retained earnings. Appropriation shall be 30%, 20%, 10% of profit after tax for broker dealers with unimpaired paid up capital of P 10M to P 30M, P 30M to P 50M and above P 50M, respectively.

In compliance with the above circular, the Company appropriated retained earnings amounts to P6,912,404 and P5,703,114, in 2024 and 2023, respectively. The Company is in compliance with the SRC Rule 49.1(B). The Company appropriate P1,209,290 for reserve fund for year 2024 and Pnil in 2023 due to incurred losses from operation.

NOTE 20 - COMMISSION REVENUES

The Company has recognized commission revenue through stocks transaction of P13,139,632 and P354,714 in 2024 and 2023 respectively.

NOTE 21 - DIRECT COSTS

Details of the Company's direct costs are as follows:

	2024	2023
Salaries and wages	P 5,339,524	P 4,563,923
Stock exchange dues and fees	1,465,238	372,186
Retirement expense	754,390	669,722
Central depository fees	403,607	413,247

Bank charges	1,800	1,470
Fines and penalties	-	910,000
Credit losses (Note 7)	-	83
Miscellaneous expense	129,964	140,703
	<u>P 1,451,899</u>	<u>P 1,842,268</u>

NOTE 24 - DEPRECIATION AND EMPLOYEE BENEFITS

Depreciation, employee benefits and rent are presented as follows:

2024

	Direct Costs	Operating Expenses	Total
Depreciation	P -	P 21,707	P 21,707
Employee benefits*	754,390	39,705	794,095

*Employee benefits includes salaries and wages, SSS PHIC HDMF contributions and retirement expense

2023

	Direct Costs	Operating Expenses	Total
Depreciation	P -	P 3,919	P 3,919
Employee benefits*	669,722	35,249	704,971

*Employee benefits includes salaries and wages, SSS PHIC HDMF contributions and retirement expense

NOTE 25 - INCOME TAXES

The Company's current tax expense from MCIT amounts to P111,862 and Pnil in 2024 and 2023.

Reconciliation between statutory tax and effective tax follows:

	2024	2023
Income tax at statutory rate	P 1,231,662	P (639,521)
Tax effect income subject to final tax	(112,195)	(98,623)
Tax effect of dividend income	(441,861)	(474,837)
Tax effect of unrecognized deferred taxes	(565,744)	1,212,981
Effective income tax	P 111,862	P -

Analysis of income tax payable (prepaid income tax) follows:

	2024	2023
Regular Corporate Income Tax:		
Net income (loss) before tax	P 6,158,310	P (3,197,607)
Permanent Differences:		
Interest income subject to final tax	(560,975)	(493,112)
Dividends	(2,209,304)	(2,374,186)
Temporary Differences:		
Unrealized foreign exchange (gain) loss	(1,232)	339
Reversal of last year's unrealized foreign exchange gain (loss)	(339)	3,281
Provision (recovery) of allowance for credit losses	(11)	83
Retirement benefit expense	794,095	704,971
Application of NOLCO	(4,180,544)	-
Taxable income (loss)	P -	P (5,356,231)
Minimum Corporate Income Tax:		
Gross income (loss)	P 5,593,077	P (3,552,576)
Tax rate	2%	1.5%
	P 111,862	P -

Tax due (Higher of RCIT and MCIT)	₱ 111,862	₱ -
Less: Tax credits		
Prior year excess credits	(780,277)	(765,361)
1 st to 3 rd Quarterly income tax payment	(522,309)	-
Creditable withholding tax	(44,110)	(14,916)
Prepaid income tax	₱ (1,234,834)	₱ (780,277)

The Company did not recognize deferred tax assets on the temporary differences because the management does not expect that sufficient future taxable profit will be available against which the tax benefits can be utilized.

The unrecognized deferred tax expense (income) for the year ended December 31, 2024 and 2023 follows:

	Statements of Comprehensive Income					
	Statements of Financial Position		Profit or Loss		Other Comprehensive	
	2024	2023	2024	2023	2024	2023
Retirement benefit obligation	₱ 1,469,910	₱ 1,487,005	₱ 128,818	₱ 110,994	₱ (77,095)	₱ 166,398
Credit losses	35	37	(2)	17	-	-
Unrealized (gain) loss on PVOCI	448,519	448,519	-	-	(306,180)	(830,326)
MCIT	114,733	32,871	111,862	-	-	-
Unrealized foreign exchange gain (loss)	(246)	68	(314)	724	-	-
Allowance for impairment of trading right	1,100,000	1,100,000	-	-	-	-
NOLCO	3,385,339	4,221,447	(836,168)	1,071,246	-	-
Net deferred tax assets (liabilities)	₱ 6,488,290	₱ 7,289,947				
Deferred tax expense (income)			₱ (565,744)	₱ 1,212,981	₱ (383,275)	₱ (663,928)

Deferred tax asset from NOLCO, arises from the taxable loss that can be charged against income of the next three taxable years except for NOLCO incurred for the year 2020 and 2021. Pursuant to Section 4 (bbbb) of Bayanihan II and as implemented under RR No. 25-2020, the net operating loss of a business or enterprise incurred for the taxable years 2020 and 2021 can be carried over as deduction from gross income for the next five (5) consecutive taxable years following the year of such loss.

Details of Company's NOLCO which can be claimed as deductions against future taxable income for three (3) consecutive taxable years are as follows:

Year Incurred	Date of Expiration	Amount	Applied	Expired	Balance (NOLCO)
2023	2026	₱ 5,356,231	₱ -	₱ -	₱ 5,356,231
2022	2025	5,550,307	(4,180,544)	-	1,369,763
		₱ 10,906,538	₱ (4,180,544)	₱ -	₱ 6,725,994

Details of Company's NOLCO which can be claimed as deductions against future taxable income for five (5) consecutive taxable years in reference to RR 25 - 2020 are as follows:

Year Incurred	Date of Expiration	Amount	Applied	Expired	Balance (NOLCO)
2021	2026	₱ 10,200,700	₱ -	₱ -	₱ 10,200,700

Deferred tax asset from MCIT, is the carry forward benefit of the excess of minimum corporate income tax (MCIT) over the regular corporate income tax (RCIT). Excess MCIT can be used within three taxable years from the date of payment. The Minimum Corporate Income Tax (MCIT) was reduced to one percent (1%) on July 1, 2020 until June 30, 2023 pursuant to Revenue Regulation 5-2021. On July 1, 2023, the Minimum Corporate Income Tax (MCIT) was reverted back to two percent (2%).

Details of MCIT follows:

Year Incurred	Amount	Expired	Balance	Date of Expiration
2024	P 111,862	P -	P 111,862	December 31, 2027
2023	32,871		32,871	December 31, 2026
	<u>P 144,733</u>	<u>P -</u>	<u>P 144,733</u>	

NOTE 26 - RELATED PARTY TRANSACTIONS

The Company's related parties includes its affiliates and shareholders, and the Company's key management personnel. Presented below are the specific relationship, amount of transaction, account balances, terms and conditions and the nature of the consideration to be provided in settlement.

2024

Nature of Relationship	Nature of Transaction	Amount (current transaction)	Outstanding balance	Terms	Conditions
Shareholders	Buying	P -			
	Selling	P (6,313,208)	P (609,276)	(1)	(2)

(1) Non-interest bearing, payable in cash, T+2

(2) Secured by equity securities

2023

Nature of Relationship	Nature of Transaction	Amount (current transaction)	Outstanding balance	Terms	Conditions
Shareholders	Buying	P -			
	Selling	P (14,852,978)	P (25,364)	(1)	(2)

(1) Non-interest bearing, payable in cash, T+2

(2) Secured by equity securities

Buying and Selling Transaction

In the ordinary course of business, the Company acts as broker to certain shareholders. Under the Company's policy, these transactions are made substantially on the same terms as with other businesses of comparable risks. In 2024 and 2023, the Company's outstanding receivable (payable) is presented as part of Receivables from Customers (Payables to Customers) in the statement of financial position.

Key Management Compensation

The compensation of key management personnel, including the members of Executive Committee and department heads amounts to ₱3,498,333 and ₱3,022,142 for the year 2024 and 2023, respectively.

NOTE 27 - FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company is exposed to a variety of financial risks which result from both its operating and investing activities. The Company's risk management is coordinated with the Board of Directors, and focuses on actively securing the Company's short-to-medium term cash flows by minimizing the exposure to financial markets. Long-term financial investments are managed to generate lasting returns.

The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's business activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The most significant financial risks to which the Company is exposed to are described below:

Market Risk

The Company is exposed to market risk through its use of financial instruments and specifically to foreign currency risk, interest rate risk and certain other price risk which result from both its operating, investing and financing activities.

A. Price Risk

The Company's market price risk arises from its investments carried at fair value (i.e., financial assets classified as financial assets at FVOCI). The Company manages exposures to price risk by monitoring the changes in the market price of the investments and at some extent, diversifying the investment portfolio in accordance with the limit set by management.

For listed equity securities, an average volatility of 15% and 14% has been observed during 2024 and 2023, respectively. The table below summarizes the sensitivity of the Company profit before tax to the observed volatility rates of the fair values.

Observed Volatility Rates	2024		2023	
	+15%	-15%	+14%	-14%
Profit before tax	₱ 229,635	₱ (229,635)	₱ 581,228	₱ (581,228)

The assumed price volatilities used in the sensitivity analysis represent the defined shift used by the Company to manage price risk based on the historical performance of equity securities.

B. Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instruments will fluctuate because of changes in market interest rates. At December 31, 2024 and 2023, the Company is exposed to changes in market interest rates through its cash in banks which are subject to variable interest rates (Note 6). The Company's exposure to changes in interest rates is not significant.

Credit Risk

Credit risk is the risk that a counterparty may fail to discharge an obligation to the Company. The Company is exposed to this risk for various financial instruments arising from selling services to customers including related parties and placing deposits with banks.

The Company continuously monitors defaults of customers and other counterparties, identified either individually or by group, and incorporate this information into its credit risk controls. The Company's policy is to deal only with creditworthy counterparties. In addition, for a significant proportion of sales, advance payments are received to mitigate credit risk. Accordingly, the Company's exposure to bad debts is not significant.

With respect to credit risk arising from other financial assets of the Company, which comprise cash and cash equivalents and refundable deposits, the Company's exposure to credit risk arises from default of the counterparty, with a maximum exposure equal to the carrying amount of these instruments. The Company limits its exposure to credit risks by depositing its cash only with financial institutions duly evaluated and approved by the BOD. The Company's exposure on rental deposit is minimal since no default in payments were made by the counterparties.

The Company's receivable from customers related to unsecured and partially secured account is actively monitored to avoid significant concentrations of credit risk. A substantial portion of the Company's receivable from customers is secured by shares of stocks listed and traded in the PSE and lodged with Philippine Depository and Trust Corporation (PDTC) under the account of the Company.

The table below is an analysis of receivables from customers is as follows:

	Balance	Collateral (net of haircut)	Counterparty exposure (after collateral)	Allowance for credit losses	Net exposure
T to T+1 of counterparty	P 30,539	P 10,833,132	P (10,802,593)	P -	P -
T+2 to T+12 of counterparty	-	-	-	-	-
T+13 to T+30 of counterparty	-	-	-	-	-
Beyond T+31 of counterparty	2,129	58,205	(56,076)	174	-
	<u>P 32,668</u>	<u>P 10,891,337</u>	<u>P 10,858,669</u>	<u>P 174</u>	<u>P -</u>
	Balance	Collateral (net of haircut)	Counterparty exposure (after collateral)	Allowance for credit losses	Net exposure
T to T+1 of counterparty	P -	P -	P -	P -	P -
T+2 to T+12 of counterparty	-	-	-	-	-
T+13 to T+30 of counterparty	-	-	-	-	-
Beyond T+31 of counterparty	2,127	58,205	-	185	-
	<u>P -</u>	<u>P 58,205</u>	<u>P -</u>	<u>P -</u>	<u>P -</u>

The Company continuously monitors defaults of customers and other counterparties, identified either individually or by group, and incorporate this information into its credit risk controls. The Company trades only with recognized and creditworthy third parties. It is the Company's policy that all customers are subject to credit verification procedures.

In respect of receivable from customers and clearing house and other receivables, the Company is not exposed to any significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics.

(a) Cash and cash equivalents

The credit risk for cash is considered negligible, since the counterparties are reputable banks with high quality external credit ratings. Included in the cash and cash equivalents are cash in banks which are insured by the Philippine Deposit Insurance Corporation up to a maximum coverage of P500,000 for every depositor per banking institution.

(b) Receivables from Customers

The Company trades only with recognized and credit worthy third parties. In accordance with RBCA requirements, limits are imposed to avoid large exposures to a single client or counterparty, single debt issue and single equity issue relative to a particular issuer company and its group of companies. As a result, maximum credit risk, without taking into account the fair value of any collateral and netting agreements, is limited to the amounts in the statements of financial position.

A substantial portion of the Company's Receivable from Customers is secured by shares of stocks (Note 7).

The Company applies the provision of SRC Rules 52.1.11 and Risk Based Capital Adequacy in measuring Credit Losses. In 2023 Section 52.1.11.2 and 52.1.11.3 was amended through SEC Memorandum Circular No. 11 Series of 2023.

To measure the credit losses, receivables were classified based on the provision of SRC Rule No. 52.1.11.2 as follows:

Classification

T+0 to T+1
T+2 to T+12
T+13 to T+30
T+31 up

The credit loss rates are based on the provision of SRC Rule No. 52.1.11.3 as follows:

<u>Classification</u>	<u>Provision</u>	<u>Base</u>
T+0 to T+0 to T+1	0	Total Receivables (TR)
T+2 to T+2 to T+12	2%	TR
T+13 to T+13 to T+30	50%	TR less collateral (net of haircut)
T+31 up	100%	TR less collateral (net of haircut)

The credit loss were computed by getting, for each doubtful account an amount equivalent to the provision of the amount outstanding net of collateral (net of haircut). Basis for the computation would be the individual accounts.

(c) Receivable from Clearing House

The credit risk for receivable from clearing house is considered negligible, the amount due were collected within the T+2 term of the receivable. Securities Clearing Corporation of the Philippines (SCCP) is a wholly-owned subsidiary of The Philippine Stock Exchange, Inc. (PSE) and is under the regulatory supervision of the Securities and Exchange Commission (SEC).

(d) Other receivables

The amount of ECL is not significant due to the fact that the collectability of contractual cash flows expected from these financial instruments is reasonably assured.

Liquidity Risk

Liquidity risk is generally defined as the current and prospective risk to earnings or capital arising from the Company's inability to meet its obligation when they come due without recurring unacceptable losses or costs.

The Company manages its liquidity needs by carefully monitoring cash inflows and cash outflows due in day-to-day business. Liquidity needs are monitored in various time bands, on a day-to-day and week-to-week basis, as well as on the basis of rolling 30-day projection. Long-term liquidity needs for a 6-month and one-year period are identified monthly.

The Company maintains cash to meet its liquidity requirements for up to 60-day periods. Excess cash are normally invested in short-term placements. Funding for long-term liquidity needs could be sourced through available credit facilities.

Company's payable to customers are normally settled within three (3) days. Other payables are normally settled within one (1) year after reporting date.

The following table presents the maturity profile of the Company's financial liabilities as at December 31, 2024 and 2023 based on contractual undiscounted payments.

December 31, 2024					
	Within 3 months	3 months to 6 months	6 months to 1 year	1 to 3 years	Total
Payables to customer and broker	P 4,830,986	P -	P -	P -	P 4,830,986
Payable to clearing house	79,750	-	-	-	79,750
Other payables	-	-	11,311,232	-	11,311,232
	<u>P 4,910,736</u>	<u>P -</u>	<u>P 11,311,232</u>	<u>P -</u>	<u>P 16,221,968</u>
December 31, 2023					
	Within 3 months	3 months to 6 months	6 months to 1 year	1 to 3 years	Total
Payable to customers	P 8,265,300	P -	P -	P -	P 8,265,300
Other payables	-	-	10,473,431	-	10,473,431
	<u>P 8,265,300</u>	<u>P -</u>	<u>P 10,473,431</u>	<u>P -</u>	<u>P 18,738,731</u>

NOTE 28 - CAPITAL MANAGEMENT

The Company's objective in managing capital is to ensure that a stable capital base is maintained in accordance with industry regulations while maintaining investor, creditor, and market confidence to sustain the future development of the business.

On August 8, 2023, the SEC approved amendments to the 2015 implementation Rules and Regulation of the Securities Regulation Code (the "2015 SRC Rules") and SEC Memorandum Circular (MC) NO. 16 Series of 2004, relative to the settlement cycle from T+3 to T+2.

The Company's BOD has the overall responsibility for monitoring capital proportion to risks. The Associated Person designated by the Company monitors compliance with minimum capital requirements imposed by PSE and SEC.

The Company, being a broker/dealer in securities, is regulated by PSE and SEC and subject to the following capital requirement in accordance with the Securities Regulatory Commission (SRC).

Risk Based Capital Adequacy Requirement

Based on SEC Memorandum Circular No. 16, the Company is required an RBCA ratio of greater than or equal to 1:1. The RBCA ratio is computed by dividing Company's Net Liquid Capital (NLC) to its Total Risk Capital Requirement (TRCR). TRCR is the sum of: a) Operational Risk Requirement (ORR); b) Credit Risk Requirement which include requirements for Counterparty Risk, Settlement Risk, Large Exposure Risk, and Margin Lending/Financing Risk; and c) Position or Market Risk Requirement.

On August 8, 2023, the SEC approved amendments to the 2015 Implementing Rules and Regulations of the Securities Regulation Code (the "2015 SRC Rules") and SEC Memorandum Circular (MC) No. 16, series of 2004, relative to the settlement cycle from T+3 to T+2.

The Company's RBCA ratio as at years ended December 31, 2024 and 2023 are 699% and 591% respectively.

Details of computation of the Company's Risk Based Capital Adequacy Ratio are shown below:

	2024	2023
Net liquid capital		
Equity eligible for net liquid capital	P 55,100,997	P 47,138,172
Ineligible assets	(47,588,593)	(41,393,333)
Total	P 7,512,404	P 5,744,839
Risk capital requirements		
Operational risk requirement	P 1,071,991	P 969,564
Position risk requirement	2,848	2,728
Large exposure risk	-	-
Total	P 1,074,839	P 972,292
Risk based capital adequacy ratio	699%	591%

Net Liquid Capital

The Company is required, at all times, to have and maintain a Net Liquid Capital (NLC) of five million (P 5M) or 5% of its Aggregate Indebtedness (AI), whichever is higher.

In computing for NLC, all non-allowable asset/equities, and collateralized liabilities will be deducted and allowable liabilities and equities are added to equity per books.

Details of Company NLC as of years ended December 31, 2024 and 2023 are shown below:

	2024	2023
Net liquid capital	P 7,512,404	P 5,744,839
Less: Required net liquid capital, higher of:		
5% aggregate indebtedness	1,217,018	1,318,222
Minimum amount	5,000,000	5,000,000
Required net liquid capital	5,000,000	5,000,000
Net risk-based capital excess	P 2,512,404	P 744,840
Ratio of aggregate indebtedness to net liquid capital	324%	459%

Total Risk Capital Requirement

Detail of TRCR follows:

A. Operational Risk

It is the exposure that is associated with commencing and remaining in business arising separately from exposures covered by other risk requirements. It is the risk of loss resulting from inadequate or failed internal process, people and systems which include, among others, risk of fraud, operational or settlement failure and shortage of liquid resources, or from external events.

Below is the manual computation of operational risk requirement for the last three years:

Revenue	2023	2022	2021	Average
Commission revenue	P 354,714	P 1,729,427	P 6,722,182	P 2,935,441
Interest income	493,112	79,546	74,161	215,606
Net Recovery from market decline of Marketable Securities Owned	-	-	-	-
Dividend Income	2,374,186	1,641,265	1,074,224	1,696,558
Gain on Sale of Marketable Securities	-	-	-	-
Gain on Sale of other Assets	-	-	-	-
Other income/revenue	1,536,397	-	646	512,348
Average of the last three year gross income				5,359,953
Operational risk factor				20%
Total operational risk requirement				P 1,071,991

The Company's Core Equity should, at all times, be greater than its Operational Risk Requirement.

Core Equity refers to the sum of paid-up common stock, common stock dividends distributable, additional paid-in capital, surplus reserves excluding revaluation reserves or appraisal capital, and opening retained earnings adjusted for all current year movements. Core Equity shall exclude treasury shares and unbooked valuation reserves and other capital adjustments (such as unrealized gain in value of FVOCI securities).

The Company has no operational risk exposure since its Core Equity is greater than the operational risk requirement as calculated.

B. Position/Price Risk

The Company is exposed to equity security price risk because of investments held and classified in Fair Value through OCI. The Company is not exposed to commodity price risk. To manage its price

risk arising from investments in equity securities, the Company diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the management.

Below is the manual computation of position risk requirement as of the years December 31, 2024 and 2023:

2024

	Total Market Value of Instrument	Position Risk Factors	Position Risk Requirement
Equities in PHISIX	P -	25%	P -
Other equities outside the PHISIX	-	35%	-
FX Position	35,601	8%	2,848
	P 35,601		P 14,731,782

2023

	Total Market Value of Instrument	Position Risk Factors	Position Risk Requirement
Equities in PHISIX	P -	25%	P -
Other equities outside the PHISIX	-	35%	-
FX Position	34,100	8%	2,728
	P 34,100		P 2,728

C. Large Exposure Risk

It is a risk to which a broker dealer is exposed to a single equity security or single issuer group. This is the maximum permissible large exposure and calculated as a percentage of core equity.

The Company does not have any exposure to single client or counterparty, direct exposure to debt for fixed income securities, and direct exposure to a single equity relative to a particular issuer company and its group of companies as the Company does not exceed to the maximum Large Exposure Risk Limit of 30% of its Core Equity.

D. Counterparty Risk Exposure

Unsettled customer trades (arising from customer-to-broker agency relationship)- A counterparty exposure of this kind occurs when a) the customer poses the possible risk of failing to deliver securities on a sell contract or b) the customer poses the possible risk of failing to pay cash on a buy contract.

Unsettled principal trades (arising from broker-to-broker or broker-to-exchange/clearing agency relationships). A counterparty exposure risk of this kind occurs when a) the broker dealer poses the possible risk of failing receive cash from its counterparty on a sell contract or b) the broker dealer poses the possible risk of failing to receive the securities from its counterparty on a buy contract. Debts/loans, contra losses and other amounts due- A broker dealer has a counterparty exposure if a debt/loan, receivable from a customer/client, contra loss, or any other amount due is not paid on its agreed due date. In the case of a contra loss, the due date shall be the date of the contra.

The Company has no counter party exposure which results to counterparty exposure on unsettled customers trades in 2024 and 2023.

As at December 31, 2024 and 2023, the Company is in compliance with Risk Based Capital Adequacy Requirement.

NOTE 29 - FAIR VALUE MEASUREMENT

The following table presents the carrying amounts and fair values of the Company's assets and liabilities measured at fair value and for which fair values are disclosed, and the corresponding fair value hierarchy:

		2024			
	Notes	Carrying Amount	Quoted prices in active markets (Level 1)	Fair Value Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Assets measured at fair value:					
Financial asset at FVOCI	10	P 37,247,800	P 37,247,800	P -	P -
Assets for which fair values are disclosed:					
Cash and cash equivalents	6	31,797,753	-	31,797,753	-
Receivables from customers	7	32,494	-	32,494	-
Other receivables	8	112,361	-	112,361	-
Refundable deposits	13	415,759	-	415,759	-
		<u>P 69,606,167</u>	<u>P 37,247,800</u>	<u>P 32,358,367</u>	<u>P -</u>
Liabilities for which fair values are disclosed:					
Payable to customers	14	P 4,830,986	P -	P 4,830,986	P -
Payable to clearing house	15	79,750	-	79,750	-
Other payables	16	11,311,232	-	11,311,232	-
		<u>P 16,221,968</u>	<u>P -</u>	<u>P 16,221,968</u>	<u>P -</u>
2023					
	Notes	Carrying Amount	Quoted prices in active markets (Level 1)	Fair Value Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Assets measured at fair value:					
Financial asset at FVOCI	10	P 31,679,150	P 31,679,150	P -	P -
Assets for which fair values are disclosed:					
Cash and cash equivalents	6	28,061,318	-	28,061,318	-
Receivables from customers	7	1,942	-	1,942	-
Receivables from clearing house	15	4,040,280	-	4,040,280	-
Refundable deposits	13	410,427	-	410,427	-
		<u>P 71,489,170</u>	<u>P 31,679,150</u>	<u>P 32,513,967</u>	<u>P -</u>
Liabilities for which fair values are disclosed:					
Payable to customers	14	P 8,265,300	P -	P 8,265,300	P -
Other payables	15	10,473,431	-	10,473,431	-
		<u>P 18,738,731</u>	<u>P -</u>	<u>P 18,738,731</u>	<u>P -</u>

Offsetting of Financial Assets and Financial Liabilities

The following financial assets and financial liabilities with net amount presented in the statements of financial position are subject to offsetting, enforceable matter netting arrangements and similar arrangements:

	Gross amounts recognized in the statements of financial position		Net amount presented in statement of financial position
	Financial assets	Financial Liabilities	
December 31, 2024			
Payable to clearing house	P 84,100	P 163,850	P 79,750
December 31, 2023			
Receivable from clearing house	P 4,040,280	P -	P 4,040,000

NOTE 30 - RECLASSIFICATION OF COMPARATIVE AMOUNTS

Certain amounts in the comparative financial statements and note disclosures have been reclassified to conform to the current year's presentation.

As a result, certain line items have been amended in the statement of financial position, statement of comprehensive income, statement of changes in equity and statement of cash flow, and the related notes to the financial statements.

Management believes that these reclassifications would reflect the true nature of the transactions and did not have any impact on prior year's financial statements.

The items reclassified were as follows:

- Other current assets amounting to P1,716,592 were presented separately as other receivables of P135,591, prepayments and other current assets of P1,170,574 and refundable deposits of P410,427.
- Other current liabilities amounting to P10,592,150 were presented separately as other payables of P10,43,431 and other current liabilities of P10,473,431.
- Dividend income of P2,029,169 under other income was presented as separate line item in the statements of comprehensive income.

Below are the summary of changes arising from reclassification:

	2023 (Previously reported)	2023 (After reclassification)
Other current assets	P 1,716,592	P -
Other receivables	-	135,591
Prepayments and other current assets	-	1,170,574
Refundable deposits	-	410,427
Total non-current assets	39,682,486	40,092,913
Total current assets	33,820,132	33,409,705
Other current liabilities	(10,592,150)	(118,719)
Other payables	-	(10,473,431)
Other income	(3,910,243)	(2,029,169)
Interest income	(493,112)	-
Dividend income	-	(2,374,186)
	<u>P 60,223,705</u>	<u>P 60,223,705</u>

NOTE 31 - SUPPLEMENTARY INFORMATION REQUIRED BY THE BUREAU OF INTERNAL REVENUE

Presented below and in the succeeding pages is the supplementary information which is required by the Bureau of Internal Revenue (BIR) under Revenue Regulation (RR) No. 15-2010 disclosed as part of the notes to financial statements. This supplementary information is not a required disclosure under PFRS Accounting Standards.

The information on taxes, duties and license fees paid or accrued during the taxable year required under RR No. 15-2010 are presented below and in the succeeding pages.

a) Output VAT

In 2024, the Company declared output VAT as follows:

	Tax Base	Output VAT
Taxable Sales	<u>P 13,139,632</u>	<u>P 1,576,756</u>

b) Input VAT

Movement in input VAT for the year ended December 31, 2024 follow:

	Amount
Beginning balance	P -
Domestic purchase of goods other than capital goods	14,151
Domestic purchase of services	355,052
Applied against output vat	(369,203)
Balance at end of year	<u>P -</u>

c) Taxes and Licenses

Taxes and licenses account (Note 26) pertains to business permit and other licenses amounting to P76,873 for the year ending December 31, 2024.

d) Withholding Taxes

The details of total withholding taxes for the year ended December 31, 2024 are shown below.

	Amount
Withholding tax at source (expanded)	P 129,730
Withholding tax on compensation	1,031,151
Final tax	27,825
	P 1,188,706

e) Tax Assessments and Cases

The Company has no outstanding Letter of Authority from the Bureau of Internal Revenue as of the reporting date.

f) Related Party Transaction

The Company is not covered under Section 2 of the Revenue Regulation 34-2020 requirements and procedures for related party transaction, including filing of BIR Form 1709, Information Return on its Transactions with Related Party.
